

## **TWM04 PRESS RELEASE: FUNKADELIC 'FINEST' DOUBLE VINYL LP**

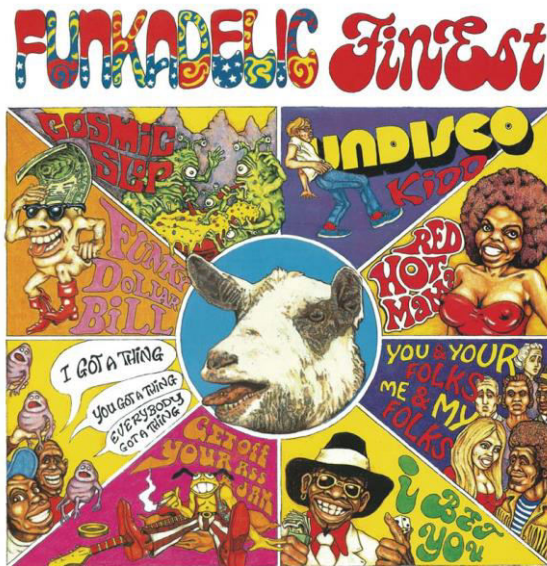

Tidal Waves Music proudly presents: FUNKADELIC 'Finest'

Compilations are tricky and hard to get right ... 'Finest' is that rare one that knocks it out of the park. This release focuses on George Clinton and crew at the height of their career & on their most renowned work.

Comprised out of sixteen carefully selected tracks and covering a six-year period (1970-1976) 'Finest' may be the best-assembled Funkadelic collection from this period yet, as both renowned band standards share space with several oft-overlooked tracks.

The early tracks "I Got a Thing" and "I Wanna Know if It's Good to You" show the band-members still honing their rich 'n' funky sound, before they hit their stride with selections from the classic 'Maggot Brain' album. As a result, you get a healthy sampling of some of the best funk the '70s had to offer, including "Hit It and Quit It," "You and Your Folks, Me and My Folks," "Loose Booty," "Cosmic Slop," "Red Hot Mama," and "Get Off Your Ass and Jam."

'Finest' is an exceptional sampler for those discovering the wild and wacky universe of Funkadelic. Out of print since 1997 and transferred from the original analogue master tapes, now finally back available as a deluxe Double-LP set with some of the craziest psychedelic crumb-style artwork you'll ever see.
